Main Street Manager, Zenaida Rodriguez provided an overview of the Main Steet Façade Grant Application and explained the change they are requesting for consideration.

Currently, the application states on number 20 “applicant, nor applicant agent, representative or tenant shall be entitled to receive grant approval on the same property if requested within ten (10) years from the date a previous grant was awarded by either the Main Street Advisory Board or the City of Eagle Pass.”

Furthermore, on number 23 of the application it states “If grant funds are approved. A Ten (10) year preservation period will be in effect after the completion of the project. Owners are encouraged to maintain ownership of the project building for ten (10) years immediately following the improvements. During this period, alterations to the awarded project that are not approved by the Main Street Advisory Board will result in a repayment to the Main Street Façade Improvement Program of the awarded funds. An alteration may be allowed only if the historic structure is declared to be unsafe by a building or code inspector (City of Eagle Pass building inspector.”

Economic Development Director, Arturo Marquez stated that in the 10-year period, if another business takes over a location before and was previously funded, they wouldn't be able to tap

Total Estimated Tax: \$3,841.58

The difference between the 2017 appraised value and the 2022 appraised value is 3,167%. This percentage information is required by Tax Code section 25.19(b-1).

"The Texas Legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials, and all inquiries concerning your taxes should be directed to those officials."

The above tax estimates use last year's tax rates for the taxing units shown. The governing body of each unit (school board, county commissioners, and so forth) decide whether property taxes increase. The appraisal district only determines your property's value. The taxing units will set tax rates later this year.

*Your residence homestead is protected from future appraisal value increases in excess of 10% per year from the date of the last appraisal PLUS the value of any new improvements. Any property previously omitted from the appraisal will be added as allowed by Section 25.21 of the Texas Property Tax Code.

** If you are age 65 or older and received the \$10,000 school tax exemption on your home last year from the school listed above, your school taxes for this year will not be higher than when you first received the exemption on this home. If you are a disabled person and received the \$10,000 school tax exemption on your home last year from the school listed above, your school taxes for this year will not be higher than the 2003 taxes or the first year you received the exemption, whichever is later. If taxing units other than your school have approved a limitation on your taxes in the preceding year, your other taxing units' taxes will not be higher than the first year your other taxing units' approved the limitation or the first year you qualified for the limitation. If you improved your property (by adding rooms, or buildings) the tax ceiling may increase for these improvements. If you are a surviving spouse age 55 or older of a person that qualified for the age 65 or older exemption, you may retain the taxing units' tax ceiling.

Contact the appraisal office if you disagree with this year's proposed value for your property or if you have any concerns with the property description or address information. If the issue cannot be resolved, you have the right to appeal to the Appraisal Review Board (ARB).

Deadline for filing a protest: **July 13, 2022**
ARB will begin hearings: **June 2, 2022**

Location of Hearing: **2243 North Veterans Blvd, Eagle Pass, Tx 78852**

If you wish to speak to and present evidence before the ARB, you may use the enclosed protest form to file your formal protest. The ARB will notify you of the date, time, and place of your scheduled hearing. You do not need to use the form to file your protest. You may protest by letter if the letter includes your name, your property's description, and your reason for protesting. If you have any questions or need more information, please contact the appraisal district office at (830)773-0255 or at the address shown above.

HISTORIC PRESERVATION COLOR PALETTE

EAGLE PASS MAIN STREET PROGRAM

City Of Eagle Pass
ECONOMIC DEVELOPMENT

Paint

The right combination of paint colors can accentuate important architectural features and unify the facade. In addition to its aesthetic benefits, paint also provides protection to certain building surfaces, particularly wood. Due to these protective qualities, building components that were historically painted should remain painted. Alternatively, surfaces that were not historically painted, such as brick and stone, should remain unpainted to retain their historic texture and appearance. Appropriate paint schemes differ depending on the architectural style and era of a building. Historically appropriate color schemes for a particular style can be determined based on paint analysis or research.

A. Maintain and Repaint Historically Painted Surfaces

- Remove paint from masonry only when the paint is not historic, will not reveal aesthetic issues, and will not damage masonry.
- Do not paint unpainted masonry walls unless insensitive past repairs have negatively affected the visual qualities of the masonry.
- Do not strip paint or other coatings to reveal bare wood or apply a stain if the material did not historically have a natural finish.

B. Select A Compatible Color Scheme

- Choose colors that are appropriate to the architectural style and compliment the building and its surroundings. Overly bright and obtrusive colors are not appropriate.
- Consider an original color scheme based on paint analysis or research.

C. Use Paint Color To Accentuate Exterior Details

- Use muted or dark colors for the walls of a building.
- Use lighter colors to highlight trim and architectural ornamentation.
- Paint window sashes and frames a contrasting color than the walls to provide contrast and depth to window openings.

D. Remove Deteriorated Paint Using The Gentlest Means Possible.

- Do not use abrasive methods, such as sandblasting, high-pressure water, or butane torches to remove paint from masonry, wood or metal.

Matching Colors from the Sumter Historic Preservation Color Palette to Other Paint Brands.

While the list of approved colors outlined in this document utilize the Valspar brand's collaboration with the National Trust for Historic Preservation, paint may be purchased from any supplier. Paint colors sourced from other manufacturers must match the chosen color from this palette.

Valspar Paint Company maintains a “Find Your Color” online paint tool, which allows searches of paint colors by name or Valspar color number. This tool also provides RGB and HEX color data.
